SMART SUN PROTECTION®

The innovative pro-Vitamin D filter system that reinvents sun care

The new UV filter activates the health-giving vitamin, blocking out damaging rays only and increasing the beneficial effects of sunlight for the skin's wellbeing and beauty.

TANNING MOISTURIZING
MILK SPRAY
FACE-BODY SPF 30

This innovative milk spray combines easy application with an absolutely avantgarde formula that, **guarantees an ultra-rapid tan while thoroughly treating the skin**. Contains the exclusive **Unipertan**, a special complex that accelerates and intensifies the skin pigmentation process. **Rich in vitamin E** with their energizing and anti-age properties, as well as a selection of valuable moisturizing and nourishing substances, it keeps the skin fresh, soft and smooth even after long exposure to the sun. **Cooling, ultra-absorbent and water-resistant**, this is the ideal sun product for those who practice sports.

MOISTURIZING RESTRUCTURING
AFTER SUN BALM
fixes and prolongs tan

Regenerating and repairing treatment that **soothes and immediately relieves the skin after exposure to the sun**. It intensely moisturizes and restores softness, elasticity and firmness to the skin, promoting its repair and making it healthier and stronger. Used daily, even after the holidays are over, it **intensifies and prolongs the tan, keeping it even and radiant**. For face and body.

SMART SUN PROTECTION®

L'innovativo sistema filtrante pro Vitamina D che reinventa la protezione solare

La nuova formula di filtri UV attiva la vitamina della salute ed esclude solo i raggi dannosi esaltando i benefici della luce su benessere e bellezza della pelle.

LATTE SPRAY
ABBRONZANTE IDRATANTE
VISO-CORPO SPF 30

Questo innovativo latte spray abbina la praticità d'uso a una formula di assoluta avanguardia che **assicura un'intensa azione di trattamento e un'abbronzatura ultra-rapida**. Contiene l'esclusivo **Unipertan**, uno speciale complesso che accelera e intensifica il processo di pigmentazione della pelle. **Ricco di vitamina E**, energizzante e antinvecchiamento, e di preziose sostanze idratanti e nutrienti, mantiene l'epidermide fresca, morbida e levigata anche dopo lunghe esposizioni al sole. **Fresco**, **superassorbibile e water-resistant**, è il solare ideale per gli sportivi.

BALSAMO DOPOSOLE
IDRATANTE RESTITUTIVO
fissa e prolunga l'abbronzatura

Trattamento rigenerante e riparatore che **lenisce e dona sollievo immediato alla pelle dopo l'esposizione al sole**. Idrata intensamente e restituisce morbidezza, elasticità e compattezza alla pelle, favorendone la riparazione e rendendola più sana e forte. Usato ogni giorno, anche al termine delle vacanze, **intensifica e prolunga l'abbronzatura mantenendola uniforme e luminosa**. Per viso e corpo.

Non rimanere esposti al sole troppo a lungo anche se si utilizza un prodotto per la protezione solare; tenere i neonati e i bambini piccoli lontani dalla luce diretta del sole; un'esposizione eccessiva al sole costituisce un grave rischio per la salute. Applicare il prodotto per la protezione solare prima dell'esposizione; riapplicare con frequenza per mantenere la protezione, soprattutto dopo aver trascorso o dopo essersi bagnati o asciugati.

Do not stay too long in the sun, even while using a sunscreen product; keep babies and young children out of direct sunlight; over-exposure to the sun is a serious health threat. Apply the sunscreen product before exposure; re-apply frequently to maintain protection, especially after perspiring, swimming or towelling.

Ne restez pas trop longtemps au soleil, même si vous utilisez un produit de protection solaire; n'exposez pas les bébés et les jeunes enfants directement au soleil; la surexposition au soleil est une menace sérieuse pour la santé. Appliquer le produit de protection solaire avant de vous exposer au soleil ; renouveller fréquemment l'application pour maintenir la protection, surtout après avoir transpiré, avoir nagé ou vous être essuyé.

Bleiben Sie, trotz Verwendung eines Sonnenschutzmittels, nicht zu lange in der Sonne; Säuglinge und Kleinkinder nicht dem direkten Sonnenlicht aussetzen; exzessive Sonnenexposition stellt ein ernsthaftes Gesundheitsrisiko dar. Sonnenschutzmittel vor dem Sonnenaufenthalt auftragen; Mittel mehrfach anwenden, um den Schutz aufrechtzuerhalten; dies gilt besonders bei Schwitzen oder nach dem Schwimmen und Abtrocknen.

No permanezca mucho rato al sol, aunque emplee un producto de protección solar; mantenga a los bebés y niños pequeños fuera de la luz solar directa; la exposición excesiva al sol es un peligro impor tante para la salud. Aplique antes de la exposición al sol; para mantener la protección, repita con frecuencia la aplicación del producto, especialmente tras transpirar, bañarse o secarse.
