

CONTORNO OCCHI ACIDO IALURONICO+CAFFEINA ANTI-ETÀ LIFTANTE

Da Collistar Clean Research®, un trattamento per il contorno occhi che contiene selezionati principi attivi dermoaffini fondamentali per la salute della pelle, proposti in forma pura e concentrazione ottimale per garantire massima efficacia, azione mirata, elevata sicurezza.

Specifica per l'uomo, la texture è confortevole, ricca ma non grassa e di facile assorbimento.

L'Acido Ialuronico in 4 pesi molecolari agisce sui diversi strati cutanei assicurando un'idratazione intensa e multi-livello e un effetto lifting immediato.

La Caffeina, dall'azione drenante sul ristagno dei liquidi, attenua borse, gonfiori e segni di stanchezza.

L'Escina, favorisce la microcircolazione cutanea, riducendo le occhiaie e le antiestetiche ombre scure sotto gli occhi.

Il Collagene Vegetale garantisce un'intensa azione elasticizzante, ricompattante e anti-rughe.

Risultati: la pelle è subito idratata, tonica e levigata. Giorno dopo giorno, i segni del tempo vengono minimizzati e il contorno occhi appare come liftato, le piccole rughe e i segni d'espressione si attenuano. Per uno sguardo fresco, disteso e riposato.

Adatto anche alle pelli sensibili.
